

WHAT TO BRING TO YOUR SHOOT

captured by kirri

- Bring extra coats/jackets just in case - they also make an easy outfit change without the hassle of actually changing
- I do NOT recommend you bring a change of outfits. It is the best way to annoy a child by changing outfits - that is how you lose their compliance
- If your kids have a favourite toy, bring it.
- Bring sunglasses for everyone - they can be cool shots
- Bring snacks/drinks for younger kids
- Wet wipes and tissues for runny noses
- Cool hats or headbands
- Remember - when you arrive I will ask for all of phones/wallets/keys to be put away in a bag - they can make strange bulges in pants/pockets
- Note - I have a wagon I bring with me (assuming it is flat).
- I also bring bubbles with me for some fun
- If you want to bring some balloons for some extra colour/fun, I love that!
